

Public speaking? . . . Easy!

(When you learn how)

The world's most successful public speaking training program, Toastmasters, is coming to Kalgoorlie. Take 30 seconds to see if you could benefit.

Confident public speakers are confident people, efficient communicators. They stand out in business and in public life and now, thanks to Toastmasters, *anyone* can become a skilled public speaker. Our proven 10 step program has an awesome record of success.

How the program works

Toastmasters works in a club environment where people work through the training program at their own pace. People learn to support each other, regardless of their skill level.

Cost effective

Toastmasters has invested heavily in developing world leading training programs and these are available to members as comprehensive manuals. With this material, and support of like minded people, no paid staff is necessary, so training is highly affordable. Meetings are held in the evening so training does not encroach on busy work schedules.

How to start in Kalgoorlie

A demonstration meeting will be held in Kalgoorlie on Monday 22 October at 7.00 PM at the Tower Hotel and you are invited to visit to see the training program first hand. There is no obligation and no pressure. We don't need sales people, the program sells itself.
